

**April 5—24, 2011**

## **Utah Special Photo Event 2011** *On the Road to Southern Utah*

The Triple "D" will once again return to the red rock country of Southern Utah in April 2011. We will be offering six, three-day, fabulous filming events, just outside the town of Hurricane, Utah, a few miles from the west entrance to Zion National Park. The first three day event will begin on April 5, 2011 and the final event ending on April 24, 2011. At each of these six events, photographers will have the opportunity to photograph our animals in a variety of natural settings, to include a high elevation red rock site, a crystal clear stream, majestic red rock cliffs, and the red rock arches, famous for that part of the country. Be prepared for a three-day photography event that will meet your every expectation!

This will be our ninth year hosting the Utah Special. And during that time we have located the ultimate in filming sites, featuring the red rocks common to that of Zion N. P. The backdrops will include bright red rocky outcrops, a sandy swept desert environment with desert flowers and the magnificent peaks of Zion N.P.

Participants will be guaranteed eight photo sessions during the three day event with an option to attend additional sessions. The group size for each event will be limited to 12 photographers.

Some of the three day events will be reserved for participants who would like to join an organized group (referred to as a guided session). A professional photographer and group leader will provide instruction and manage the logistics for the group. Contact us for more information on joining an organized group.

Other sessions (unguided) will be reserved for individuals who prefer not to have the assistance of a group leader.

An optional "Birds of Prey" session will be offered on the morning after each three day wildlife event. We have contracted with several local rapture centers to acquire a good compliment of birds and professional handlers. Participants have the option of joining this optional session, the day before the three day wildlife event or the day after.

Our tentative plans will be to bring the following species: grizzly bear, black bear, mountain lion, bobcat, coyote, wolves, grey fox, cross fox, red fox, badger, raccoon and porcupine. Some additions or changes may be necessary prior to our departure.

The Triple "D", owned by Jay & Kim Deist, is entering it's 39<sup>th</sup> year of catering to wildlife photographers and artists. Based out of Kalispell, Montana, the Triple "D" was the first to provide trained wildlife photography service.

© Lynn Chamberlain

Recognizing the need to offer new settings and listening to requests from our customers, lead the Triple "D" staff and animals to locations such as Southern Utah to take advantage of natural beauty of the desert and red rocks. Our objective is always the same, by providing our participants a quality service.
