May Special Photo Session 2012

An Exciting Five-Day Photo Session
Featuring Canine Babies at the Den Site!

Come to Triple “D” Game Farm for an extended weekend of spectacular wildlife model photography. Participate in a minimum of 6 sessions with the best that Triple “D” has to offer in spring conditions. Pick the species of your choice and photograph with a small group at significantly discounted rates.

An organizational meeting is scheduled for 6:30am on May 18th at the Triple “D” Office for all participants attending the **May Special Session**. After all participants have made their final selection of sessions, a filming schedule will be prepared consolidating all requests. Additional sessions may be offered and will be announced during the event.

Most sessions will include 3 to 5 photographers with a maximum of 10 participants. May 21st and 22nd are often “open dates.” If the open dates are not utilized for make-up sessions, participants will have the opportunity to photograph other available species or special requests. Pick your species and location and Triple “D” will model the animal for you!

Listed below are the tentative filming sessions planned for the **May Special Session**. Animals will be modeled in natural settings that include the following habitat types: stream, pond, willow, cottonwood, spruce-fir, rocky granite, aspen, creek, wildflowers and more.

Tentative Photo Sessions Planned for May 18—22, 2012:
(Please note the listing below is tentative and cannot be guaranteed, do to the fact that none of the babies are born at the time of this announcement.)
